a  
HANNOVER  
MESSE  
event

Industrial  
Transformation  
SAUDI ARABIA

# A unique Collaboration creates Unique event...

The Ministry of Industry and Mineral Resources , Hannover Messe, and Riyadh Exhibitions Company, Brings you the world's leading Industrial Transformation Trade Fair and Conference to Riyadh to serve the National industrial priorities...

## Vision 2030 drives factories of the future in initiative...

**V**ision 2030 calls for the adoption of the latest Technologies:

Digital, Communications, Energy, Automation , IR 4.0, AI, Robotics, Factory and Warehouse Intra-Logistics . Additive Manufacturing, to be implemented in multiple key sectors of highest importance, Amongst the Ministry of Industry and Mineral Resources (MIM) initiatives are Factories of the Future program that aims to transform over 4,000 factories toward adopting IR 4.0 .

## This is your opportunity to showcase your latest technologies

showcase solutions and deliver your know-show across a wide range of targeted key industries covering the Kingdom's vital sectors .Multiple speaking platforms have been organized to facilitate presenting your solutions and their adoption.

# Over One Trillion US\$ in Allocations...

Participate in Empowering the Most Important Goals of Vision 2030 that Drive the National Plans for Economic Diversification, with over one Trillion US\$ in Allocations...

## Industrial Transformation Technologies in the Highest Demand Include:

### DIGITAL TECHNOLOGIES & INNOVATION

Great demand for latest Digital Technologies, AI, Digital Twins, Cloud Computing, and ERPs and latest Cyber-Security solutions.

### MATERIAL HANDLING AND INTRA-LOGISTICS

Every factory is in the need for latest handling, Quality control, and integration with intra logistics systems of the warehousing and supply chain Systems.

### AUTOMATION AND INDUSTRY 4.0

Over 4000 factories and new licensed factories are motivated to adopt the latest IR4.0 technologies, including AI and Robotics, with adaptations for dark factories, or micro factory solutions.

### ENERGY SOLUTIONS

Manufacturing heavy energy consumption drives demand for : smart meters and grids, alternative Energy feeds from solar to hydrogen AI powered analytics for continuous monitoring and Optimization greatly desired.

### COMMUNICATIONS AND 5G SOLUTIONS

A true communications revolution has been taking over factory floors, wireless, 5 G technologies and smart grids collect feedback from countless Sensors. The latest technology for industrial Applications is in demand

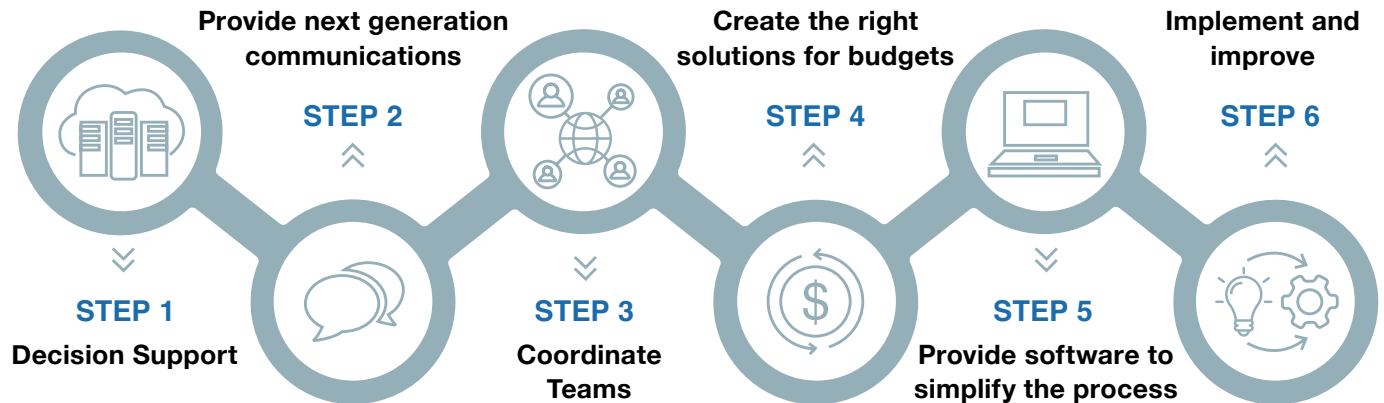

### ADDITIVE MANUFACTURING

Various sectors from military production, to basic factories, demand the role of 3D printing in creating initial prototypes, or immediately needed part. The exhibition has a dedicated section for these applications.

# ■ CLUSTER OF SOLUTIONS

## Six Clusters of Solutions are in Demand for the Connected Factory...

**Exceptional opportunities across a wide range of industries to promote your latest technologies...**

Food Manufacturing

Pharmaceutical

Medical Equipment

Aviation

Chemical Industries

Transportation

Naval Technologies

Defense Industries

Mineral Resources

Equipment and Material

Energy and Renewable Energy

# STAKEHOLDERS

## STAKEHOLDERS YOU WILL MEET

- **Factory Owners and Decision Makers**, including the targeted ready to upgrade factories.
- **New factory license holders.**
- **Government industrial sector investment support agencies**

## Industrial applications professionals, including :

- ◇ Digital
- ◇ Communications
- ◇ Energy
- ◇ Automation
- ◇ IR 4.0
- ◇ AI
- ◇ Robotics
- ◇ Factory
- ◇ warehousing
- ◇ Intra-Logistics

## Industrial Sectors Decision Makers Including:

- ◇ Food Manufacturing
- ◇ Pharmaceutical
- ◇ Medical Equipment
- ◇ Aviation
- ◇ Transportation
- ◇ Chemical Industries
- ◇ Naval Technologies
- ◇ Defence Industries
- ◇ Mineral Resources
- ◇ Equipment and Material
- ◇ Energy and Renewable Energy

## EXHIBITORS TARGET GROUPS

- **Manufacturing solutions providers**
- **Technology Providers**
- **Industrial companies**
- **Software companies**
- **Service companies**
- **Training and certification companies**
- **research, education and training institutions**
- **Consultants and knowledgee partners**
- **Startups**
- **Smart Industrial Cities**

# PRODUCTS

## AUTOMATION / INDUSTRY 4.0

- Assembly and handling systems
- Electrical power transmission
- Field bus systems
- Industrial image processing
- Linear drives
- Micro-technology
- Motion controls
- Process automation
- Pneumatic automation technology
- Robotics and system integration
- Security components and systems
- Sensors and actuators
- Measurement, process and quality control
- De carbonization
- Power transmission & distribution
- Fluid Power

## ADDITIVE MANUFACTURING

- 3D modeling software
- 3D printers
- Materials and components
- Quality management and metrology
- Rapid prototyping
- Research and development
- Solutions for additive manufacturing

## DIGITALIZATION / INNOVATION

- AI and machine learnings
- Asset management systems
- Big data management
- Cloud computing
- Cyber security
- Data Infrastructure
- Design and product development
- Digital twin
- Enterprise resource planning (ERP)
- Manufacturing execution systems (MES)
- Predictive maintenance
- Product life cycle management (PCM)
- Research and development
- Security technology
- Training and education

## WIRELESS AND 5G TECHNOLOGY

- Wireless data transmission
- Wireless LANs
- Wireless automation systems
- 5G technology
- Industrial networks,
- IoT, in industrial applications,
- Systems for intra logistics

## ENERGY SOLUTIONS

- Hydrogen and fuel cells
- Energy management and consulting
- Storage technologies
- Batteries, green hydrogen and super capacitors smart grids
- IoT applications for energy management
- AI-powered analytics
- Energy efficiency, renewable energy and smart grid integration
- Resilience, reliability and cyber security in energy

## INTRA LOGISTICS AND MATERIAL HANDLING

- Automated Guided Vehicles (AGV)
- Autonomous Mobile Robots (AMR)
- Driver less Transport Systems
- Automated Racking Systems
- Automated Warehousing Systems
- Order Picking Systems
- Automated Packaging and Labeling
- Intra logistic Software Systems
- Intra logistic Services

# CONFERENCE

Unique Presentations, Workshops and International Conference Opportunities Available...

## **RIYADH INTERNATIONAL FUTURE OF INDUSTRIAL TRANSFORMATION SUMMIT**

**ENABLEMENT  
PROGRAMS**

**LATEST INDUSTRIAL  
TRANSFORMATION  
SOLUTIONS**

**4.0, AI & ROBOTICS  
WORKSHOPS**

The concurrent conference **Riyadh International Future Industrial Transformation summit** Consists of four tracks focusing on future technologies and trends Solutions for industrial Transformation, education and knowledge Development, and Innovation transfer to industry.

# Ministry of Industry and Mineral Resources (MIM) creates a unique Platform...

MIM partners with Hannover Messe, the World's No.1 Industrial Transformation Event, with over 4,000 Exhibitors and Global Network, to create a unique platform to evaluate and adopt the latest in industrial automation technologies ...

**PARTICIPATE IN THE INTERNATIONAL FORUM , ON-FLOOR PRESENTATION STAGES, AND IN-DEPTH WORKSHOPS**

## Exceptional Speaking Opportunities to Promote Your Technology!

- Large auditorium to present your keynote Speeches And panel discussions.
- Multiple on the floor specialized stages to Present your Innovations and technologies .
- Dedicated workshop rooms for in-depth Explanation and learning experiences.

## Under the Patronage:

Ministry of Industry  
& Mineral Resources

Ministry of Industry and Mineral Resources of KSA, leads the Kingdom's National Industrial Strategy that aims to increase manufacturing from GDP from 331 Billion SR to 895 Billion SR by 2030. The Ministry has also created a large number of support programs for investors to make the objectives a reality.

## Organized by

Hannover Messe is the number 1 Global event in Industrial Transformation with over 4,000 state of the art industry leaders in IR4.0 Technologies: AI, Robotics, Automation, digitization, Communications, Energy, and total manufacturing solutions. Hannover Messe has also created the leading network of Industrial Transformation around the world in China, Australia, Singapore, Turkey, and Mexico.

شركة معارض الرياض المحدودة  
Riyadh Exhibitions Company Ltd.

Riyadh Exhibitions Company (REC) has pioneered B2B international trade fairs and events sector in the Kingdom, with 44 years of sustained success in serving the Kingdom's national priorities. REC has organized leading international B2B exhibitions and related conferences for all key economic sectors. A dedicated professional team is committed to serve events' clients, partners, and guests to the highest standards.

## UFI Proud Member

The Global  
Association of the  
Exhibition Industry

**REC is a proud member of UFI**, the International Association of the Exhibition Industry. Quality certification for regularly audited international events that conform to the UFI standards for exhibitions and events. REC continually achieves UFI recognition for adherence to international standards, and has been certified by UFI for the last 41 years

## The Venue

**Riyadh International Convention & Exhibition Center (RICEC)** is the A leading international venue in central Riyadh, featuring a modern hotel, conference halls, VIP and workshop rooms, restaurants, and full services. Easily accessible via King Abdullah Road (Exit 10) and the Red Line metro at .Riyadh Exhibition Center station, with quick links to King Khalid Airport

1 - 3 DECEMBER 2025 IN RIYADH
